What is PREVENT?

Prevent is about safeguarding people and communities from the threat of terrorism. It aims to stop people becoming terrorists or supporting terrorism. Prevent covers all forms of terrorism and extremism and some aspects of non-violent extremism.

The Prevent strategy:

- Responds to the ideological challenge we face from terrorism and aspects extremism and the threat we face from those who promote these views
- Provides practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support
- Works with a wide range of sectors where there are risks of radicalisation that we need to deal with

The Home Office works with local authorities, a wide range of government departments and community organisations to deliver the Prevent strategy. The police also play a significant role in Prevent.
